Trish is passionate about dogs & walking. It's the perfect combination for a new business venture!

"Hello my name is Trish Berry. I own 'A New Leash of Life Dog Walking' with my husband Martin Berry.

We have been happily married for 6 years and have moved up here to Wiltshire from Cornwall 5 years ago. Everyone in Bassett are so friendly and welcoming that we soon felt right at home.

I have been working in the Post Office in RWB high street for nearly 2 years so you might recognize my face! Through this work I have really felt like I've become part of the community and really got to know and love a lot of the locals.

I have been dog walking part-time around other commitments and now I am making the leap to go full-time as a self employed dog walker and pet sitter from April. You can see some references from clients on www.anewleashoflife.bigcartel.com We also have a facebook page which is a lovely little community full of like-minded people that love dogs and seeing our dog walking adventures so please come over and join in the fun (A New Leash of Life Dog Walking on facebook). We are fully insured, police checked and have references from clients.

I absolutely love animals and dogs in particular. They give you so much love loyalty and working with them is extremely rewarding. I'm a farmers' daughter so I am used to animals, getting down and dirty and being in the great outdoors. I grew up surrounded by sheep dogs! I now have my own Jack Russell called Alfie (pictured) he is nearly 5 and very boisterous. I love him to bits he is my best friend really! Our fave walks are down by the canal and also up the Ridgeway and along by the golf course the other side of the Butterfly world. Anywhere there is a wide open space and plenty of fresh air for us to run and be free. We are used to walking in all sorts of weathers (a bit of mud never hurt anyone!) and as you know the great British weather can be a tad unpredictable! I say just put a coat on and get stuck in!

I started dog walking because I love walking, I love dogs and am passionate about the two so combined the two to find my perfect job! I'm used to both big and small dogs having walked Jack Russells, Collies, Alsatians, Labradors, Springers and Poodles to name a few. I am an outdoorsy active girl in general. When I'm not dog walking I can be found

lifting weights and going for runs! No job is too big or small for me. I can walk your dog on a one-off basis, daily or once a week etc. Whatever you need I can accommodate your requirements.

We can also do **daily pop-ins** for your dog/puppy where we can check up on your pet halfway through the day to feed, give medication or lavish care and affection on. We also offer doggy daycare where we can pop in a few times a day, feed, walk and have playtime with your dog for a really reasonable price. This can be really helpful if you have to go on a really long day out somewhere and can't necessarily take your dog with you. We know leaving your pet and home can be quite scary in a potential strangers hands however I can assure you I'm very trustworthy and reliable and will always turn up on time and when needed without exception.

I know that sometimes when your working full time getting home to let the dog out is not always that easy. Luckily my husband was able to pop home on lunchbreaks and I have done shift work however if that wasn't possible I would have needed a dog walker and I know how valuable they are to some people and really give you peace of mind.

We want to take the stress and worry out for you. We will always update you with texts, and photo emails with how that days dog walk went so you know where your dog went and how much fun he/she had! When we drop your dog back home they will be comfortably worn out, happy and towelled off. I will give them fresh water and food if required and make sure they are safe and well before we leave again. Even if you don't need a dog walker please say hello next time you see me out and about in town because I am really friendly and chatty person and love to hear about your pets and dogs! Its always nice to meet new people in my local area! **We can do pet sitting for smaller animals such as hamsters, fish, guinea pigs too and home pop ins. If you go on holiday we can pet/house-sit too.**

We only walk **ONE DOG AT A TIME** - no group walks which means that your dog is lavished with love and attention and is really walked effectively and safely on a one-on-one basis. We offer dog walks for

Trish Berry and Alfie

£10 a day. A pop in for your dog or puppy is £5 each visit and a whole day looking after your dog is £20. I think we offer competitive prices within the area.

Our contact number is 07816 978 637 or mail me on ginger1986@hotmail.co.uk for a quote and friendly chat.

If you would like to book us just ring or email us for a quote. We will have a friendly chat about any worries and queries you have.

I look forward to meeting you and your pets very soon!"

BEAT THE RUSH at **Gastech** and we know that, traditionally, heating breakdowns increase in the colder months.

Many of the breakdowns we attend to at the start of the heating season could have been prevented by maintenance. Unfortunately, faults on the heating system do not show themselves until the cold weather arrives. By then, most gas engineers are busy, causing a delay of days to arrange a call out. **Gastech** are a local, family run business with 30 years + experience.

Based in Royal Wootton Bassett with a satellite office in Marlborough we always have an engineer available in your area.

With increasing gas prices it is essential that your gas boiler is running properly to ensure it is safe and efficient.

Our engineers are happy to service all gas and LPG boilers including warm air systems.

Age of boiler is not a problem and we would be there to service it, not to tell you that it needs replacing.

So, *beat the rush.* Call **Gastech** on **01793 848800** to book your heating service

Broad Hinton Church of England Primary School

'A Love of Learning for a Lifetime of Opportunities'

We are a village school situated in a favourable rural area a few miles south-west of Swindon. We were founded in 1743 by Thomas Bennet and taken over by the LEA about 100 years later. Over recent years we have extended our facilities to accommodate four mixed-age classes, a large hall where hot meals are served, a multi-purpose unit housing a **pre-school facility** and a conservatory area for individual or small group teaching, including a multi-sensory learning library for parents and carers to access resources for learning at home.

OFSTED February 2012:

"A good school where pupils achieve well" ... "promotes pupils' spiritual, moral, social and cultural development outstandingly well" ... "pupils' behaviour is exemplary" ... "excellent, well-planned support for disabled pupils and those who have special educational needs" ... "examples of outstanding teaching in all classes" ... "outstanding cross curricular provision"

Parents say: "amazing grounding, both educationally and emotionally"

Everyone knows each other throughout the school, from the oldest to the very youngest, staff, parents and children alike, giving us a warm family atmosphere. Our professional and enthusiastic staff provide a safe and secure environment and a creative and stimulating curriculum.

You are warmly invited to make an appointment to visit our school and we look forward to welcoming you. Applications from outside our designated catchment area are welcome. Please find out more about us from our website.
